

# BEDS NOT CUTS

Homeless shelters are bursting at the seams, rents are sky high, it takes more than 10 years to get public housing, and rooming houses are being sold off to greedy developers. On February 9, join us to make sure Budget 2017 isn't a death sentence for people on the streets, and a push onto the streets for those who've thus far managed to hold onto some housing.

**Thursday, February 9<sup>th</sup> - 11 am**

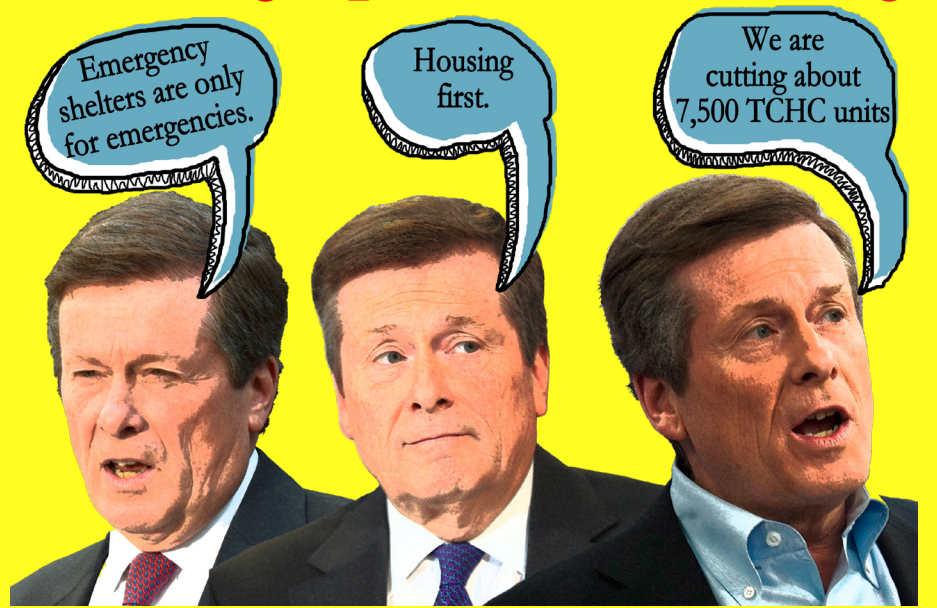

**John Tory Speaks to the CD Howe Institute - Think Tank for the I!**  
67 Yonge Street (South of King)

**Tory won't stop until we make him.**
